The Clear Solution

**EXPLOSION PROOF
BUNDLING SYSTEMS
FOR BAGGED PRODUCTS!**

Without the
use of a
Shrink
Tunnel!

Visit www.edlpackaging.com or
call (920) 336-7744 for complete details

Packaging Engineers, Inc.

EDL's Single Tight Wrap Tuck & Fold System Features and Benefits:

- ~ Bundling systems to suit any production line configuration
- ~ Tight Wrappers have the same or better integrity than Shrink Bundling
- ~ Systems can be built for Class II, Division II, and Group G Classification
- ~ Will produce a durable, brick-like pack of consistent size and shape
- ~ Tight / square bales can be palletized with no product overhang
